

## Adding a User using the Program

### To Start - Background

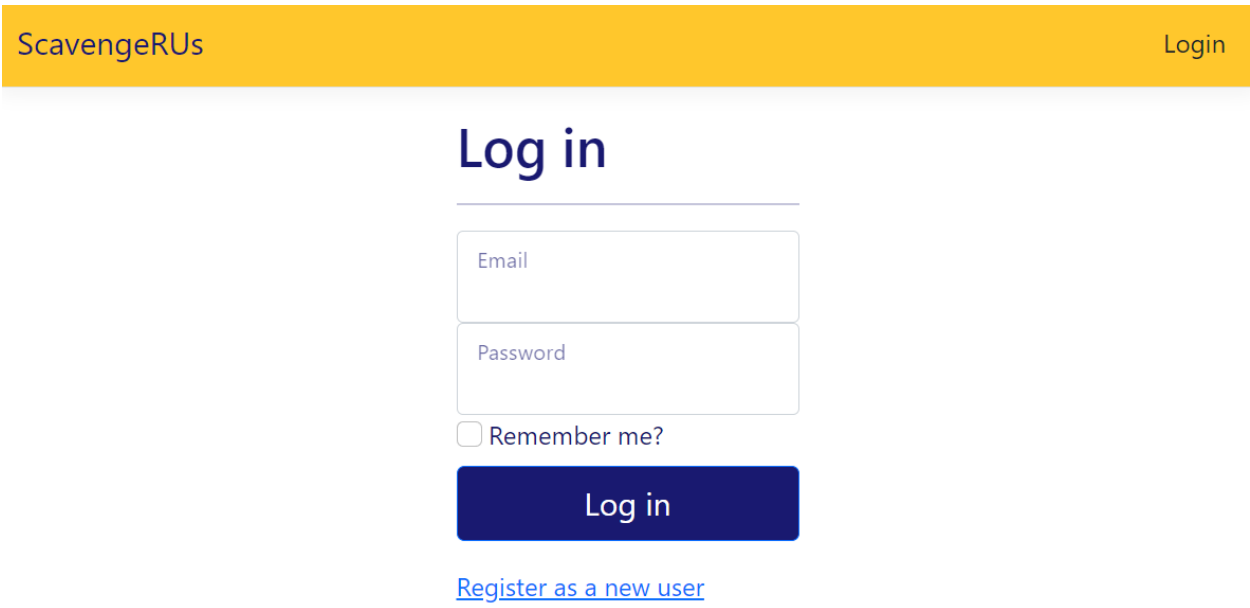

- This document will show you how you can add a user and their access code to the database.
- Team 1 has an admin user. You must login as that admin user in order to access hunt functionality.

### Steps

1. Run the program. You should be taken to this screen:

2. You probably start off logged in as a test user. On the top-right of the screen, click “Log Out”.
3. Then click “Login” after you’ve logged out. You should be taken to this screen:

4. The admin of this project’s credentials are:

a. Email: [waltonca@etsu.edu](mailto:waltonca@etsu.edu)

b. Password: YMXH@9J!72kM6Em
5. Press the “Log in” button after you enter the credentials above. You should be taken back to the BuchHunt landing page:

Enter your access code to start your scavenger hunt. At each scavenger hunt location, there will be a QR Code that must be scanned to obtain a longitude and latitude point. Hunt progress will be tracked through tasks. Enjoy hunting!

Enter an access code.

Access Code

Log in

6. Click on “Admin Portal” (highlighted in red above). You should be taken to the screen below:

ScavengeRUs

Dixonv@etsu.edu	Victoria Dixon	1112223333	Admin	<a href="#">Edit</a>   <a href="#">Details</a>   <a href="#">Delete</a>
test@test.com	Test User	9999999999	Player	Hunt1 <a href="#">Edit</a>   <a href="#">Details</a>   <a href="#">Delete</a>
kinserw@etsu.edu	William Kinser	3455677890	Admin	<a href="#">Edit</a>   <a href="#">Details</a>   <a href="#">Delete</a>

7. If you are wanting to create an **ADMIN**, click **Create New User**. However, don’t do this when adding a new user – there is a better way. If you want to create a **USER**, click **Manage Hunts/Tasks**

8.
